artist:Shenandoah, Jerry Eden , writer:Mike McGuire, Marty Raybon, Bob McDill

Thanks to Don Orgeman for this

Well, he saw it on TV and ordered that vide-o
He learned every step at home and never told a soul
When I saw him out there the very first time, I knew
Well, if Bubba can daaa-nce, I can too

If Bubba can scoot, Bubba can slide
Bubba can two-step and Bubba can glide
I never thought he had the nerve, he never said a woord
Well, every-body in the place stand back and give me some room
Cause if Bubba can daaa-nce, then I can too
[When I saw him out there the very first time, I knew](#)
[Well, if Bubba can daaa-nce, I can too](#)

Now I've been watchin' all night and I'm workin' my courage up
Hey that dudes on the floor and he's doin' all the latest stuff
Well, if he's brave enough then I know what I've gotta do
Hey, if Bubba can daaa-nce, then I can too

Well if Bubba can scoot, Bubba can slide
Bubba can two-step and Bubba can glide
I never thought he had the nerve, he never said a woord
Well, every-body in the place stand back and give me some room
Cause if Bubba can daaa-nce, then I can too

Well, if Bubba can dance, then I can too
Well, if Bubba can dance, I can too
